

SecuriCORE ensures safety and security

Safety and security are two things that should never be compromised.

Fortunately, SecuriCORE in Mahboob, offers a range of safety and security services with advanced security technology integration.

The company was established in 2002 and has since become the undisputed leader in its field, offering services to a long list of satisfied clients.

It operates in the field of integrated security management and supplies and is supported by the United Nations Industrial Development Organisation (UNIDO), as well as the Bahrain government.

SecuriCORE provides both manned security services and electronic security systems as total, advanced and integrated security solutions.

By doing so it offers clients security consultancy in both physical and electronic systems and around-the-clock peace of mind.

The company's management team has an extensive background in law enforcement and private security.

All employees are highly trained to provide clients with the finest security service available in Bahrain.

When you hire a private security guard from SecuriCORE, you get more than just a friendly, courteous sentry who makes your premises safer and pleasant.

You get a highly trained, licensed, fast-thinking, quick-acting and experienced security

guard who can protect your personal safety and your property, a guard who knows how to respond to an emergency and whose presence alone deters criminals and troublemakers.

All clients and security guards have round-the-clock access to the SecuriCORE office in case of emergencies, using the control room's toll-free number 80001199.

"Excellence is our standard to create values and make difference everywhere we go through our actions and services in order to secure our customer," says the company's vision statement.
